

2nd May 2003

For the attention of Mr

ATEX

Dear Sirs

Re: Supply of equipment intended for use in potentially explosive atmospheres

We are pleased to be able to advise that we have completed our Categorisation and Certification Procedures, for equipment manufactured by us, to meet the requirements of the EC Directive 94/9/EC.

All such equipment supplied to orders received following this communication will be ATEX compliant to Group II Category 1, 2, or 3, as appropriate, and certified accordingly

Our Technical files will be lodged with our appointed Notified Body, Baseefa (2001) Ltd. (Notified Body No. 1180), who will also be responsible for verifying our Category 1 activities.

Please contact our Technical Sales Department if you require any further information.

Yours faithfully

Carl Stubbings
Sales and Marketing Manager
